EDUCATION

B.Sc. Computer Science & IT *Current*

Lumbini I.C.T. Campus, Gaindakot
Affiliated with Tribhuvan University · Second Semester

Plus Two (+2) - Science *Completed*

Orchid College, Bharatpur, Chitwan, Nepal

PROGRAMMING

Languages
C · C++ · Python · JavaScript · PHP

Web development
HTML · CSS · JavaScript · API integration · Backend development

Databases
SQL · phpMyAdmin

TOOLS & PLATFORMS

Git · GitHub · VS Code · XAMPP · Dev-C++ · Vercel

Adobe Photoshop · Wondershare Filmora

CURRENTLY EXPLORING

Artificial Intelligence · Machine Learning · Data Science

INTERESTS

Software engineering · Practical web applications · Entrepreneurship · Cricket · Football / futsal

PROFESSIONAL SUMMARY

B.Sc. CSIT student and web developer focused on building practical, user-oriented web applications. Hands-on experience through independent projects in marketplace concepts and civic technology, alongside operating a local digital service center. Interested in growing as a software engineer through meaningful projects, collaboration, and continuous learning.

SELECTED PROJECTS

Haat Bazzar - Farm-to-Consumer Marketplace *Live project*

Designed and built a marketplace concept connecting local farmers with customers. Contributed the front-end experience and the produce listing and browsing flow.

Stack: HTML, CSS, JavaScript · Deployed on Vercel
GitHub repository · Live demo

Municipal Citizenship Recommendation Portal *Hackathon prototype*

Contributed to a 48-hour hackathon prototype exploring a digital municipal recommendation workflow, including application, document submission, review, and status tracking.

Stack: HTML, CSS, JavaScript · Prototype only; not officially adopted

Python Portfolio Audit Utility *Developer tooling*

Built a lightweight command-line tool using Python's standard library to validate crawler-policy rules and check that sitemap entries correspond to existing pages; added unit tests for the checks.

Stack: Python · unittest
Source code · Unit tests

EXPERIENCE & ENTREPRENEURSHIP

Founder & Operator - Namaste Suman Communication *Gaindakot, Nepal*

Founded and operate a local digital service center providing documentation support, printing, photocopying, typing, photo services, graphic design, and online-form assistance. This work connects technology with everyday customer needs and provides practical experience in service delivery and entrepreneurship.
